Infrastructure Sustainability Council Connect Conference 2024

The ISC invite you to join us at the upcoming Connect Conference, where your brand can take centre stage in front of a dynamic and diverse audience of sustainability professionals, industry leaders, and innovators from the Australian and New Zealand infrastructure sector.

As a valued member of the Infrastructure Sustainability Council, we invite you to join us for a three day ISC Connect conference focused on **“weaving connections that forge a positive legacy for people, planet and the economy.”** The conference will bring together thought leaders, practitioners, and advocates from across Australia & New Zealand to discuss and debate the critical issues facing our industry and societies today, as well as explore practical solutions to create a sustainable future.

Our society depends on infrastructure and it is imperative that we develop in a way that is responsible and sustainable for future generations. Members who partner with us to deliver ISC Connect 2024 will be part of our mission to advance the conversation on sustainable infrastructure. Your support will help the ISC bring together experts and industry leaders to share their insights and experiences with our community of practice.

During ISC Connect, delegates will have the opportunity to participate in interactive workshops and network with other sustainability professionals, creating a collaborative and dynamic environment to explore solutions to the challenges we face.

ISC Connect will be a platform to showcase innovative initiatives, best practice, identify where and how impact is being made, and share practical tools that can be applied in real-world settings. Whether you are a seasoned sustainability professional or just starting out, there will be something for everyone.

- Showcase your solutions
- Targeted networking
- Thought leadership
- Celebrate impact
- Brand visibility
- Exclusive access.
